EDUCATION

VIDYALANKAR INSTITUTE OF TECHNOLOGY	2026 - 2028
<i>B.Tech in Electronics and Computer Science</i>	<i>Mumbai, India</i>
GOVERNMENT POLYTECHNIC THANE	2023 - 2026
<i>Diploma in Information Technology — 94.35%</i>	<i>Thane, India</i>

SKILLS

- Languages: Python, Java, Dart, HTML, CSS, SQL
- Frameworks: Flutter, Tkinter, ttkbootstrap, Streamlit, Flask
- Data/Tools: Pandas, NumPy, Matplotlib, Git, GitHub, VS Code, Jupyter
- Core: Data Analytics, EDA, Data Visualization, OOP, REST APIs, Testing

EXPERIENCE

DATA SCIENTIST INTERN CONCEPT SIMPLIFIED	Jun 2025 - Aug 2025
• Applied Python and exploratory data analysis to practical datasets and data-driven problem solving. • Developed, tested, and documented analytical solutions in a remote internship environment.	
E-COMMERCE STORE MANAGER SPIRITUAL ESSENCE HUB	Sep 2024 - Sep 2025
• Managed Shopify storefront operations, including payment setup, domain configuration, products, and daily maintenance. • Improved storefront organization and usability for a smoother customer experience.	

PROJECTS

VAULTX DOCUMENT VAULT APPLICATION	2026
• Built a Python desktop document-management application with Tkinter/ttkbootstrap and modular UI components. • Implemented document adding, date selection, organization, and structured workflows.	
AI SPEECH-TO-TEXT CONVERTER FINAL YEAR PROJECT	2025 - 2026
• Built a Python application for live speech-to-text and audio-file transcription with TXT/DOCX export. • Designed a user-friendly GUI with themes, progress feedback, and speech-recognition/local-model support.	
PLACEMENT MANAGEMENT SYSTEM PYTHON	2026
• Developed a CSV-based placement system for student records, company eligibility, and placement workflows. • Handled main-program integration, testing, data processing, and project demonstration.	
AI LEGAL & GOVERNMENT DOCUMENT READER	2026
• Designed a Flask-based concept to simplify complex legal and government documents through AI-assisted explanations. • Focused on an accessible document-processing workflow and clear presentation.	

CERTIFICATIONS

ULTIMATE PYTHON WITH DATA SCIENCE & AI	
• Training in Python, data analysis, exploratory analysis, and AI-oriented problem solving.	
IBM SKILLBUILD PROGRAM SRF FOUNDATION	Sep 2024
• Completed industry-oriented technical training.	
PYTHON & MERN DEVELOPMENT TRAINING GOVERNMENT POLYTECHNIC THANE	Mar 2025
• Completed practical training in Python development and MERN-stack fundamentals.
